

# IPEM conferences

## ***MPE Update***

**13th March 2019, Manchester**

*Organised jointly by IPEM's Diagnostic Radiology, Nuclear Medicine, Radiation Protection and Radiotherapy Special Interest Groups*

Are you a current MPE and unsure how the new changes will affect you? Do you want to become an MPE but are not sure what you need to do?

Aimed at existing Medical Physics Experts in all fields, and aspiring MPEs and other radiation physics staff, the MPE update meeting provides the opportunity to find out about how the latest changes/proposals will affect you. As well as general issues, there will also be talks from the fields of diagnostic radiology, nuclear medicine and radiotherapy to allow you to hear about the hot topics in your own and other specialities.

**Target Audience:**

Medical Physics Experts, aspiring MPEs and other radiation physics staff

**Programme available: December 2018**

**Online registration open soon**

**Registration deadline: 27th February 2019**
